

The Bathroom Collection 2013

RAK
ceramics

A RAK Ceramics bathroom offers you an environment of peace and tranquility lasting long into the future

All your ceramic needs in one stunning collection for 2013

Welcome to RAK Ceramics new look collection. By combining our entire product range for the first time to give you inspirational examples of how porcelain and ceramic products can be used collaboratively for great effect.

Excellence is a way of life at RAK Ceramics. As a global leader in the industry we are committed to providing the highest quality products to our customers. Using the best technology to combine state of the art design and functionality with value for money. Our 2013 collection demonstrates these values perfectly.

We've added four premium bathroom ranges to our 2013 sanitary ware collection. Created to offer the highest levels of design and quality, each range has a unique characteristic.

Recently introduced are the Elena and Opulence ranges to the main catalogue. Opulence speaks for itself introducing a HIS & HERS theme to an aesthetically elegant and unique range. Elena was designed in Italy and presents a designer - oriented collection featuring soft curves at a highly affordable price.

A close-up, profile view of a woman's face, showing her eye, nose, and cheek. The lighting is soft and natural, highlighting the texture of her skin and the details of her features. The background is a plain, light color.

NEW
ADDITION
FOR 2013

Above: In stunning gloss white Opulence close coupled WC with soft close seat and cover, back to wall bidet and 58cm *Hers* basin and full pedestal

Back to wall pan with soft close seat

Opulence is a complete collection containing many unique features including a shrouded one-piece cistern for the close coupled WC, and His & Her basin designs complemented by full and half pedestals. The whole range exudes elegance with its natural curves being so easy on the eye.

Wall hung pan with soft close seat

A DRESSING ROOM IN YOUR BATHROOM.

Our His and Hers theme continues through to console basins. Available as a luxurious 100cm with vanity space on either side or in 80cm with an offset bowl and single vanity space. Accessories are available in porcelain with a platinum lustre edge.

Above: Hers 100cm console basin detail showing matching accessories. Tumbler, soap dish, vanity pot and soap dispenser are available in both His and Hers design.

Top right: Hers 100cm console basin with matching accessories.

Bottom right: Black Hers style 80cm offset console.

Centre bottom: Overview of His basin shape features include a ceramic waste.

The perfect pamper

Opulence console basins are available in 80cm with an offset basin or as a luxurious 100cm large console with ledges. This gives plenty of workspace and enough surface area to store your beauty essentials in one convenient place.

To the dream grooming regime

You have your own space to accommodate your favourite products. Opulence creates the perfect male grooming solution. Any of the basins can be mounted into or onto a solid top like RAK's porcelain slabs for those who want further top space.

OPULENCE

Iconic and elegant design

Infinity 58cm counter top basins, Close coupled WC with soft close seat, Back to wall bidet, Metropolitan bath

INFINITY

Organic contours with counter top basins designed to make a statement.

INFINITY

Inspired by the organic forms of sculptor Barbara Hepworth, and created by Philip Allen. Infinity depicts the whirlpool effect that liquids form with gravity.

The timeless shapes are soft and easy to maintain.

Features like the wall hung pan with no apparent fixing supports enhance the designs fluidity.

A very comprehensive range including close coupled WC's, fully back-to-wall and open backed pans added to five different basins to fulfill any design concept.

Above: Infinity 50cm basin and half pedestal, wall hung pan, hidden wall fixings and soft close seat. Our wall hung WC pans feature smooth sides with no ugly fixings

COMPACT

With no less than 15 pieces including **RAKRIMLESS™** extended height WC's and back to wall pans, now with **NEW** quick release soft close seats as standard and the choice of 7 basins, Compact is one of the most flexible, value for money ranges on the market.

RAKRIMLESS™ technology

The ultimate in hygiene for your home

RAKRIMLESS™ delivers the ultimate level of hygiene control in your bathroom, matching the standards which until now would only have been present within specialist healthcare settings.

New technology is not something we normally associate with the smallest room in the house but at RAK Ceramics we strive to constantly develop advanced water technologies in order to deliver the very best possible performance and function in the bathroom.

RAKRIMLESS™ OFFERS

HYGIENE

No hidden rim to harbour germs. You can clean easily and effectively the whole surface of the toilet giving you a more HYGIENIC result.

WATER EFFICIENCY

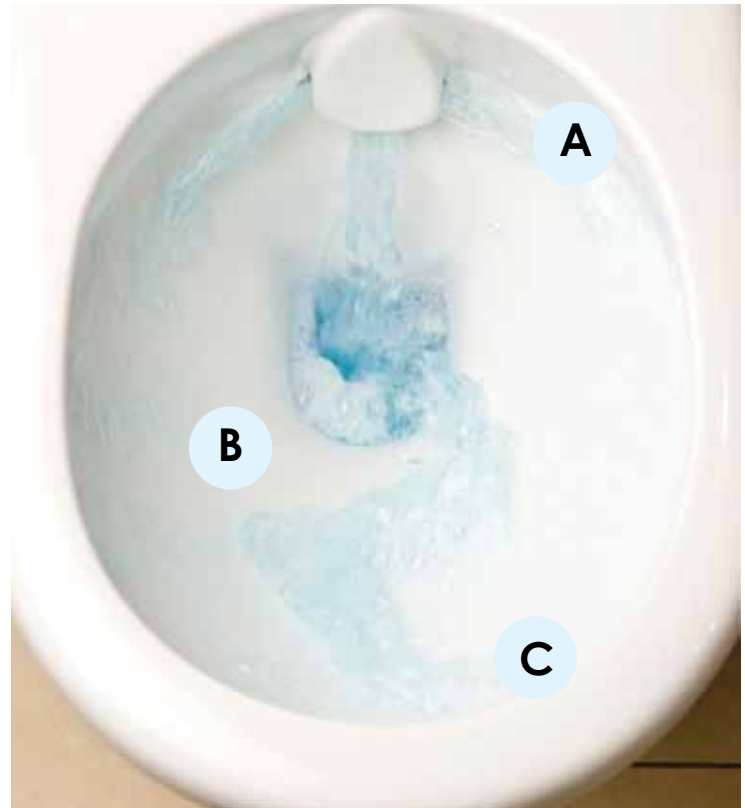

Our side lever cistern uses only 4 litres for the main flush and 2.5 litres on the small flush saving a whopping third off on water usage.

EASY CLEANING

The contoured shape is very easy to clean, no more need for expensive specialised products to shoot under the rim!

COMFORT HEIGHT

Extra 50mm on the height of the pan makes it easier for those who need less distance to rise and lower themselves.

- A** No ledges or rim ensures water is fully projected round to the front of the bowl.
- B** Water drops down into the pan to cover the entire surface making it fully compliant with the Water Regulations Approved Scheme (WRAS).
- C** Water reaches every part of the bowl below the distributor outlets to ensure it is completely clean.

RAKRIMLESS™ Compact Deluxe

the smart choice!

**power
flush**

*New flush system ensures
water is fully projected
round to the front of the
bowl*

Compact Deluxe 45cm rimless close coupled back to wall WC with quick release soft close seat and 55cm basin 11th with full pedestal

RAKRIMLESS™ Compact Deluxe is the smart choice family toilet with a taller 45cm comfort height pan for even more accessibility. The close coupled WC is fully back to wall and has a quick-release soft close seat for easy installation and cleaning. This continues to be the best value for money rimless product on the market.

BATHS

In *Easyflow* 5mm acrylic

All RAK UK baths are manufactured from 5mm *Easyflow* acrylic allowing us to achieve a higher quality bath with increased depth across our entire product range.

The acrylic sheets we use are sanitary graded to UK specifications and manufactured by UK based Lucite International.

Our baths are also triple re-inforced:

- Base spray
- Full spray
- Full encapsulating spray

Baseboards have a gelcoat finish.

Company Profile

RAK Ceramics is the world's largest manufacturer of high quality ceramic and porcelain tiles, sanitaryware and fireclay kitchen sinks. The company can be considered unique in its ability to create excellent quality products using the most advanced technical processes available worldwide.

The main headquarters and manufacturing plant for RAK Ceramics is situated in Ras-Al-Khaimah in the United Arab Emirates. Established in 1991 the company has grown at an astonishing rate, now occupying an ever-expanding site in excess of 2 million m² and producing 3.5 million pieces of sanitaryware per annum.

RAK Ceramics exports to 150 countries worldwide and has other manufacturing plants in China, Bangladesh, India and Sudan to satisfy the demands of these local markets, with global production of tiles over 360,000 m² per day.

The company operates an accredited quality management system that serves as a framework for managing its operations, including continuous compliance, for its manufacturing and products. RAK Ceramics is a ISO 9001 : 2008 & ISO 14001 : 2004 certified organisation.
